

# Dunedin City Council Land Information Memorandum

97971

**Issued in accordance with Section 44A of the Local Government Official Information and Meetings Act 1987**

**Should you require further clarification of any of the information listed in this report, please phone our Customer Services Agency on 03 477 4000.**

This Land Information Memoranda (LIM) has been prepared in accordance with Section 44A of the Local Government Official Information and Meetings Act 1987. It contains only information obtained from the records held by the Dunedin City Council as at **23 August 2024**

The Dunedin City Council has not carried out an inspection of the land and/or buildings for the purposes of preparing this LIM. The Dunedin City Council records may not show illegal or unauthorised buildings or works on the land. Accordingly this report may not necessarily reflect the current status of the property. Examples of situations which affect the property but are not recorded in this report include: unauthorised work not known to Council and breaches of Consents or Licences that are not the subject of a formal Requisition or Notice.

The applicant is solely responsible for ensuring that the land or any building or works on the land is suitable for a particular purpose. The applicant should check the Records of Title as this report may not include information that is registered on the Records of Title. The Records of Title may record further information or obligations relating to the land.

Further information about this property may be available from other agencies such as the Otago Regional Council, Nova Gas, Telecom New Zealand (Chorus) or Delta Utility Services Limited.

### Parks and Reserves

Details

**This property has been identified as being next to a park or reserve.**

Please be aware that Council encourages appropriate public usage of the park/reserve and may develop the park/reserve in the future to facilitate use. You also need to be aware that there are many unapproved encroachments into parks/reserves, as well as many unapproved vehicle accesses into private property across parks/reserves land. In such situations it cannot be taken for granted that Council will automatically approve such an encroachment or access-way, and the owner may be asked to remove it. Because of this you should clarify where the boundary of this property is and your means of vehicle access into it.

## RATES DETAILS

**Rate Account** 2031948  
**Address** 69 McKerrow Street Dunedin  
**Valuation Number** 27260-03300

**Latest Valuation Details**

Land Value \$385,000  
Value of Improvements \$195,000  
Area (Hectares) 0.0809HA  
Units of Use 1

**Current Rates**  
Current Rating Year Starting 01-Jul-2024  
Dunedin City Council Rates \$3,452.66

**Rates Outstanding for Year** \$3,309.68

For further explanation on the rate account, or to enquire about information referred to on this page, please contact Rates Staff between 8:30am and 5:00pm weekdays at the enquiries counter on the Ground floor of the Civic Centre, 50 The Octagon, Dunedin, or by phoning 477 4000.

## BUILDING, PLUMBING AND DRAINAGE

### Minimum Floor Levels

Clause E1.3.2 of the New Zealand Building Code requires that surface water, resulting from an event having a 2% probability of occurring annually, shall not enter buildings. This requirement applies to Housing, Communal Housing, Communal Residential and Communal non-residential buildings. For guidance when establishing minimum floor levels please refer to : <https://www.dunedin.govt.nz/services/building-services/minimum-floor-levels> and for links to specific areas: <https://www.dunedin.govt.nz/services/building-services/minimum-floor-levels/mfl-guidance>

### Public Sewer sheets.

WARNING. Please note that public sewer reticulation sheets are scaled in either Imperial feet or Metric metres. Please check with the Duty Drainage Inspector if in doubt.

### Dunedin City Council Private Drainage plans incomplete.

WARNING. The Dunedin City Council's private drainage records (plans) prior to 1 January 1993 may be incomplete or not clearly recorded. Owners therefore are advised to carry out work with due care to avoid damage to any private drain not detailed because of the lack of information filed in the Council's records.

### Building and Drainage Information

#### Private Foul Drains servicing existing buildings

There are Private Foul drains servicing existing buildings on this land.

Drainage Plan indicates Private Foul Drainage to Council Foul Sewer in Street.

#### Council Stormwater & Foul Sewer Connections available.

There is Council Stormwater outfalls and Foul Sewer Connections adjacent to this land, to which buildings within this land may connect. A plan of these is attached.

Drainage Plan indicates Private Stormwater Drainage to Street Channel.

#### Private Stormwater Drains servicing existing buildings

There are Private Stormwater drains servicing existing buildings on this land.

### Building and Drainage Consents

The following consents are recorded for this property:

Status Key:	BC	-	Building Consent Issued
	CCC	-	Code Compliance Certificate Issued
	Archived	-	In accordance with section 93(2)(b) of the Building Act, the consent
	/CCC	-	was reviewed for code compliance after two years. Compliance with
	Refused	-	the Building Code could not be established and therefore the Code
		-	Compliance Certificate has been refused.
	Lapsed	-	Work has not commenced and no extension of time applied for within
		-	12 months of date of consent issue. Consent is of no further effect

NOTE: This is not a comprehensive list of all building consent statuses

[ABA-1993-323725](#) Building Consent - Boilertube Alterations - 47, 51, 53, 55, 59, 63, 65, 67, 69 and 73 McKerrow Street Dunedin, No Plan

H8583 - Foul and Stormwater Drainage to Sewer (Scott) see H8582 for plan. The permit was lodged on 28-Jan-1971.

For further explanation on the current status of any consent, or to enquire about information referred to on this page, please contact Building Control Staff between 8:30am and 5:00pm weekdays at the enquiries counter on the Ground floor of the Civic Centre, 50 The Octagon, Dunedin, or by phoning 477 4000.

## HAZARDS

### SITE HAZARDS

No records were found of land instability, potential erosion, avulsion, falling debris, subsidence, slippage, alluvion or inundation.

**The Otago Regional Council has produced a number of reports for the Dunedin City District which outline areas affected by natural hazards including slippage, flooding, subsidence and inundation.**

**These reports are publicly available and can be accessed here:**  
<https://www.orc.govt.nz/plans-policies-reports/reports-and-publications/natural-hazards>

**These reports do not provide property specific information, and may not describe all natural hazards that affect the land that is the subject of this LIM report.**

**We recommend that in addition to reading these reports, that you seek independent advice about how this property may be affected by natural hazards including natural hazards that are not described in the reports produced by the Otago Regional Council.**

**Otago Regional Council - Natural Hazards Database**

The characteristics of general natural hazards in the vicinity of this property are also available on the Otago Regional Council's Natural Hazards Database.

<https://www.orc.govt.nz/managing-our-environment/natural-hazards/otago-natural-hazards-database>

**HAZARDOUS SUBSTANCES**

**WARNING – Change in legislation and management of hazardous substances**

On 1 April 2004, all Dunedin City Council Dangerous Goods Licences expired. From this date they became the responsibility of the Environmental Protection Authority (EPA) under the Hazardous Substances and New Organisms Act 1996. All new licences for hazardous substances were issued by independent Test Certifiers approved by the EPA. The Council no longer holds current information on the use of hazardous substances at these premises and hazardous substances may be present without the Council's knowledge. The Council was advised by the EPA in 2016 that Worksafe had taken over responsibility for managing Location Test certificates under the Hazardous Substances and New Organisms Act 1996. The EPA no longer hold any information in relation to Location Test Certificates If you have any questions, please contact Worksafe.

**Contaminated Site, Hazardous Substances and Dangerous Goods Information**

No information

**ENVIRONMENTAL HEALTH**

No records were found of Environmental Health involvement with this property.

**LICENSING**

**Health Licensing**

There are no records of any Health Licences for this property.

**Liquor Licensing**

There are no records of any Liquor Licences for this property.

**CITY PLANNING**

The information provided with this LIM on District Plan requirements and resource consents has been verified by City Planning in relation to the subject property only. All information included in relation to other land surrounding the site is indicative.

### **Accuracy of Boundaries**

Knowing the true location of the property boundaries on the ground is important in determining what can be carried out on the land under the District Plan and in determining whether the current activity complies with the District Plan or any resource consent. Please note that the Council's aerial photographs may not accurately depict the extent of the property. The Record of Title for the site should be checked in the first instance. A surveyor may need to be consulted to establish the true location of the title boundaries on the ground.

### **Access to Site**

The legality of any access to the site is important in determining what can be carried out on the land under the District Plan and in determining whether the current activity complies with the District Plan or any resource consent. It is recommended that the Record of Title and/or a lawyer be consulted regarding the legality of any legal and/or physical access to the site (and the maintenance thereof).

### **Heritage New Zealand Pouhere Taonga Act 2014**

The Heritage New Zealand Pouhere Taonga Act 2014 applies in addition to any protection provided to a building or site by the District Plan. The Heritage New Zealand Pouhere Taonga Act 2014 makes it unlawful for any person to destroy, or modify the whole or any part of an archaeological site, whether or not the land on which the site is located is designated, or a resource or building consent has been issued, without the prior authority of Heritage New Zealand. The Heritage New Zealand Pouhere Taonga Act 2014 defines an archaeological site as a place associated with pre-1900 activity, where there may be evidence relating to the history of New Zealand. Pre-1900 buildings are considered archaeological sites under the Heritage New Zealand Pouhere Taonga Act 2014 and are also often associated with subsurface archaeological remains that provide evidence of pre-existing use of the site. Council records may not necessarily identify the precise date upon which an existing building was constructed. Contact the Dunedin office of Heritage New Zealand for further information: [infodeepsouth@heritage.org.nz](mailto:infodeepsouth@heritage.org.nz) ; 03 477 9871.

### **Resource Management (National Environmental Standard for Assessing and Managing Contaminants in Soil to Protect Human Health) Regulations 2011**

The Resource Management (National Environmental Standard for Assessing and Managing Contaminants in Soil to Protect Human Health) Regulations 2011 came into force on 1 January 2012. The National Environmental Standard applies to any piece of land on which an activity or industry described in the current edition of the Hazardous Activities and Industries List (HAIL) is being undertaken, has been undertaken or is more likely than not to have been undertaken. (The current edition of the HAIL is available on the Ministry for the Environment website at [www.mfe.govt.nz](http://www.mfe.govt.nz).) Activities on HAIL sites may need to comply with permitted activity conditions specified in the National Environmental Standard and/or might require resource consent. (The Otago Regional Council should also be consulted for any rules in might have in regards to the use or development of contaminated sites.)

If a person wishes to establish whether a piece of land has had hazardous activities or industries conducted on it, and thus whether activities on that land are controlled by the National Environmental Standard, then the person must pay for a review of the information about the land held by the Council, or pay for a suitably qualified and experienced practitioner to undertake a preliminary site inspection. Formal confirmation from the Council that resource consent is not required under the National Environmental Standard can only be given through a certificate of compliance application.

### **Consent Notices**

There are no Consent Notices recorded for this property. It is recommended that the applicant check the Record of Title for any notices or covenants that may affect the property.

### **District Plan Information**

Dunedin currently has an Operative Dunedin City District Plan, and the Proposed Second Generation Dunedin City District Plan (2GP). Accordingly, both of these plans may affect the development potential of this site and surrounding properties.

As a general principle, rules in the 2GP must be considered along with the rules of the Operative District Plan until such time as the rules of the 2GP become operative, or are treated as operative. The policies and objectives of both plans should also be considered.

The 2GP was publicly notified on Saturday 26 September 2015. The submission period closed on Tuesday 24 November 2015. Decisions on the 2GP were released on Wednesday 7 November 2018. The appeal period closed on Wednesday 19 December 2018. The schedule of appeals can be viewed at <https://www.dunedin.govt.nz/council/district-plan/2nd-generation-district-plan/appeals-received-on-the-2gp>.

You are advised to refer to our website to determine which rules in the 2GP have legal effect or are fully operative, and to determine which rules in the Operative District Plan are now inoperative.

The 2GP is subject to change at any time. Variation 2 (Additional Housing Capacity) to the 2GP was notified on Wednesday 3 February 2021. No rule changes proposed in Variation 2 had legal effect from the date of notification. Rules that did not have submissions in opposition to them are deemed operative.

Please refer to our website for more information on Variation 2 at <https://www.dunedin.govt.nz/council/district-plan/2nd-generation-district-plan/plan-change-dis-2021-1-variation-2>

Further rules will come into legal effect and/or become fully operative at the release of decisions and the resolution of appeals.

You should check with the Council whether any changes have occurred since the date this LIM report was issued. The information provided with this LIM on district plan requirements is applicable as at the date this LIM is issued: there may be changes to the district plan rules following the release of this LIM that may affect this site and surrounding properties.

You should ensure that you consult the information and relevant planning maps in the Operative District Plan which can be found on our website at <https://www.dunedin.govt.nz/council/district-plan/district-plan-2006> and the 2GP which can be found on our website at <https://www.dunedin.govt.nz/council/district-plan/2nd-generation-district-plan> as well as at all Dunedin City Council service centres and libraries.

### **OPERATIVE DISTRICT PLAN INFORMATION**

#### **Zoning**

This property is zoned as follows in the District Plan.

*Zone*

RESIDENTIAL 1

#### **Noise**

This property is located in a Noise Area where the noise limits outlined below apply. Rule 21.5.1(i)(b) also specifies a maximum noise limit of 75 dBA Lmax between 9.00 pm on any night and 7.00 am the following day measured at the boundary of the site or within any other site. Note that some activities have a resource consent or existing use rights that allow these limits to be exceeded. Some activities are also exempted from noise limits. Furthermore, the actual limits that apply will also depend on whether this site adjoins a Noise Area Boundary and whether there are Special Audible Characteristics.

Refer to Section 21.5 of the District Plan for further details. Every occupier of land is also under a general duty to adopt the best practicable option to ensure that the emission of noise from land does not exceed a reasonable level.

#### *Noise Zone*

50Dt/40Nt dBA, 45SP dBA

#### **Road Hierarchy**

The roads listed below adjoining this property are classified as either Collector, District Regional or National Roads in the District Plan Roding Hierarchy. All other roads adjoining this property but not listed here are classified as Local Roads. Refer to Section 20 of the District Plan for more information.

#### *Type*

COLLECTOR

McKerrow St

If you would like a copy of any Resource Consent decision or advice on the current status and relevance of any planning matter referred to in the LIM, enquiries may be made at the Planning Enquiries desk on the Ground Floor of the Civic Centre, 50 The Octagon, or by phoning 477 4000 and asking for the Duty Planner. Planners are available at the Planning Enquiries desk to answer your enquiries between 8:30am and 5:00pm weekdays.

## TRANSPORT

No Transport information was found for this property

As of the 24th April 2015, the Transport Group no longer inspects the site as part of a LIM. Only the electronic records since 2002 have been examined for Transport information in relation to the property.

For further explanations on property owner obligations in regard to local road encroachments, vehicle entrances, vegetation management or retaining structures please refer to the Dunedin City Council website at <http://www.dunedin.govt.nz/services/roads-and-footpaths> or contact Transport on 477 4000.

For properties abutting the state highway, Waka Kotahi NZ Transport Agency is the Road Controlling Authority.

## 3 WATERS

### WATER

#### **Urban water supply area – Connected**

This property is connected to the Dunedin City Council's urban (on-demand) water supply. Indicative water pressures are available to view at [www.dunedin.govt.nz/water-pressure](http://www.dunedin.govt.nz/water-pressure), and flows available to the property can be provided on request. Any change in water use (e.g. for a new commercial activity) requires a new application to be made to the Council. It is recommended that the applicant check the property for the location and suitability of the water service.

#### **Terms and conditions of supply**

All new and existing connections to the Dunedin City Council's water supply network are subject to the terms and conditions of the Dunedin City Council Water Bylaw 2011. The bylaw is available to view at [www.dunedin.govt.nz/water-bylaw](http://www.dunedin.govt.nz/water-bylaw).

#### **Water pressure**

Indicative network water pressure to the property is shown on maps available at [www.dunedin.govt.nz/water-pressure](http://www.dunedin.govt.nz/water-pressure). Specific detail is available on request.

#### **Water reticulation maps**

A copy of the water reticulation map of Dunedin City Council infrastructure in the vicinity of the subject property is attached. These show the location of the water main in the road. It may or may not show the water service to the property. It is recommended that the applicant check the property

### FOUL SEWER AND WASTE WATER

#### **Stormwater/Sewer Separation - Compliant**

The Dunedin City Council requires the foul sewer and storm water being discharged from a property to be directed to the separate foul sewer and storm water networks, respectively. This property is in an area where inspections have been undertaken to ensure compliance with this requirement. This property was certified as complying with Council's requirements for storm water separation at the time of inspection on **22<sup>nd</sup> December 1994**.

No comment is made with regard to this property's compliance with the requirement for storm water separation after the date of inspection.

#### **Drainage Reticulation Plans**

A copy of the Dunedin City Council's drainage infrastructure in the vicinity of the subject property is attached. Public foul sewers are shown in red and stormwater sewers in green. All public drainage services are available to receive connections from the property and limited flows of stormwater may also be discharged to the street channel or an approved outfall.

#### **Information Regarding Watercourses**

The controlling authority for all water and waterbodies in Dunedin City is the Otago Regional Council. The Regional Plan: Water addresses water take and use, diversions, damming, discharges and bed alteration under the Resource Management Act 1991. They are also responsible for the Flood Protection Management Bylaw 2012.

The controlling authority for watercourses in relation to stormwater drainage, and removal of obstructions in accordance with Local Government Act 1974 is the Dunedin City Council.

The Council also issues building and resource consents for certain works around watercourses.

Not all watercourses within Dunedin City are recorded or known to the Council, therefore it is recommended that the applicant inspect the property for watercourses.

For further information on watercourses it is recommended the applicant read the Watercourse Information Sheet. A copy of this document is available on request or for download from the Dunedin City Council website [www.dunedin.govt.nz](http://www.dunedin.govt.nz)

## APPENDIX

### **Glossary of terms and abbreviations**

The following are abbreviations and terms that may appear as a part of a LIM.

#### **Consent, Permit, Licence & Complaint types**

- AAB DCC Building permit
- AAD DCC Drainage permit
- AAG Green Island drainage permit
- AAH Hyde permit
- AAK St Kilda permit
- AAM Mosgiel permit
- AAP Port Chalmers permit
- AAS Silverpeaks permit
- AAT Maniototo permit
- ABA Application Building Act 1991
- AMD Amendment to a Building Consent
- BC Building Consent
- BCC Building Compliance Certificate - Sale of Liquor Act
- BCM Building Complaint
- CER Certifier
- COA Certificate of Acceptance
- DGL Dangerous Goods Licensing
- ENV Health complaint
- HTH Health licence
- LIQ Liquor licence
- NTF Notice to Fix
- NTR Notice to Rectify
- PIM Project Information Memorandum
- POL Planning Other Legislation
- RMA Resource Management Act - Resource consent
- RMC Resource consent complaint
- WOF Building Warrant of Fitness

#### **Terms used in Permits & Consents**

- ALT Alteration
- ADD Addition
- BD D/C Board drain in common
- BLD Building

### Legend

#### Water Supply

	Manifold Box		Water Non-Return Valve
	Water Meter		Water Pump Station
	Toby		Water Bore
	Meter without manifold box		Water Treatment Plant
	Retic Flow Meter		Water Storage Tank
	Combination Meter		Supply Main
	Manifold Box With Restrictor		Trunk Main
	Water Valve - Zone		Disused
	Non Return Valve		Reticulation
	Water Valve - Gate		Rider
	Water Valve - Sluice		Scour
	Water Hydrant		Water Service Lateral
	Water Backflow Preventor - RPZ		Water Fire Service Lateral
			Water Critical Service Lateral
			Water Zone Boundary
			Water Reservoir
			Redundant Water Main

**NOTE:** Private water services have the same symbols as those above, however they are coloured pink.

#### Foul Sewerage

	Standard Manhole		Pump Station
	Valve Chamber (pressurised)		Treatment Plant
	Boundary Kit		Vent
	Non-Return Valve		Foul Sewer Node
	Pump Station Domestic		Foul Drains in Common (public)
	Drop Manhole		Sewer
	Inspection Manhole		Trunk Sewer
	Inspection Opening		Vent Line
	Lamphole		Rising Main
	Outlet		Redundant Foul Sewer Pipe

**NOTE:** Private foul drains have the same symbols as those above, however they are coloured orange.

#### Stormwater

	SW Bubble-up Tank		Roading Bubble-Up Tank
	SW Drop Manhole		Roading Mudtank
	SW Insp Chamber and Grating Inlet		Stormwater Main
	SW Inspection Manhole		Stormwater Trunk Main
	SW Inspection Opening		DCC Open Channel
	SW Lamphole		Piped WC
	SW Mudtank Inlet		Open WC
	SW Outlet		Culvert
	SW Pipe Inlet		Stormwater Mudtank Pipe
	SW Pressure Manhole		Redundant Stormwater Main
	SW Standard Manhole		SW Sump
	SW Stormwater Node		SW Pump Station

**NOTE:** Private stormwater drains have the same symbols as those above, however they are coloured light green.

#### General

	DCC Water & Waste Structure		Parcel		Road/Rail
	Railway Centreline		Hydro		Motorway Parcels
			Strata		Easment (where recorded)
